(HE & MT Section)

CALL FOR EMPANELMENT OF MULTI-DISCIPLINARY EXPERTS TO ASSIST PROJECT APPRAISAL, EVALUATION, APPROVAL , MONITORING , CLOSING AND IMPACT ANALYSIS RECEIVED UNDER THE SCHEME “ENHANCEMENT OF GLOBAL COMPETITIVENESS OF INDIAN CAPITAL GOODS SECTOR’

The Department of Heavy Industry has notified a scheme on “Enhancement of Global Competitiveness of Indian Capital Goods Sector’ in November 2014. The details about the scheme may be perused on the departmental website at dhi.nic.in. The scheme components relating to technology development and creating industrial facilities require empanelment of multi- disciplinary experts to assist project appraisal, evaluation, approval, monitoring, closing and impact analysis. The experts are needed for industrial technologies related to manufacturer of entire value chain of capital good. Financial and project experts are also needed for project appraisal, evaluation, approval, monitoring, review, project management, project closure and impact analysis. These are senior industrial / projects / management experts, who could devote time and expertise for the cause of the country, though token emoluments towards basic expenses are provided for.

Multi disciplinary Experts

Independent experts in industrial technologies, finance & management to assist the Department with tasks in connection with the above scheme in disciplines like project appraisal, evaluation, approval, monitoring, review, project management, project closure and impact analysis

Who can be an expert?

You have a chance of being selected as an expert if you have a 20 year’s expertise in the relevant fields of industrial technologies, finance and management and can be available for occasional, short-term assignments. You should be below 70 years of age.

What countries can experts come from?

Indian citizens can register their interest in being an expert.

What do expert assignments involve?

Experts, as peer reviewers, assist in project appraisal, evaluation of proposals, approval of proposals, monitoring & review of implementation of the approvals, project closure and impact analysis.

In addition, experts assist in any related specific task.
