MHI launched Automated Online Data Transfer for capturing critical data related to Domestic Value Addition (DVA) from the PLI applicant's ERP (Enterprise Resource Planning) system to PLI Auto Portal on 11th August, 2022. This IT enabled system will reduce compliance burden on the part of the applicants on the one hand and will enable faster processing of claim on the other hand. The initiative taken by MHI will be an important step in enabling transparency, ease of doing business, faceless and self-certification based assessment and paperless delivery. With this IT enabled system, Hon'ble Prime Minister's 'Make in India' and 'Atma Nirbhar Bharat' campaign will get a major boost.
