Sluggish Rate of Automobile Sales

3654. SHRI RAVNEET SINGH BITTU:

Will the Minister of HEAVY INDUSTRIES AND PUBLIC ENTERPRISES be pleased to state:

- (a) whether the Government is aware of the sluggish rate of automobile sales during the last two quarters; and
(b) if so, the details thereof along with the response of the Government to accelerate automobile manufacturing sales?

ANSWER

**THE MINISTER OF HEAVY INDUSTRIES & PUBLIC ENTERPRISES
(SHRI ARVIND GANPAT SAWANT)**

(a) & (b): Yes sir, the Government is aware that the auto sector which has been growing at approximately 7-8% per annum has witnessed a sluggish rate of sales in the last two quarters. During period from January 2018-June 2018, **13.39 million** vehicles (all categories) were sold and during period from January 2019-June 2019 **12.04 million** vehicles were sold. Hence a net decline of **10.08%** was registered in the rate of automobile sale in the last two quarters.

The Government, as a policymaker, always attempts to kickstart the sluggish economy through a package of measures for comprehensive and continued development of the auto sector as and when required.
