

GOVERNMENT OF INDIA
MINISTRY OF HEAVY INDUSTRIES & PUBLIC ENTERPRISES
DEPARTMENT OF HEAVY INDUSTRY
LOK SABHA
STARRED QUESTION NO. 333
ANSWERED ON 17.03.2020

CHARGING STATIONS FOR EVS

*333. SHRI GIRISH BHALCHANDRA BAPAT:
ADV. ADOOR PRAKASH:

Will the Minister of HEAVY INDUSTRIES AND PUBLIC ENTERPRISES भारी उद्योग एवं लोक उद्यम मंत्री be pleased to state:

- (a) whether the Government proposes to set up charging stations for electric vehicles in the country under the Faster Adoption and Manufacturing of Hybrid and Electric Vehicles in India (FAME-India) Scheme, Phase-II;
- (b) whether the Government has started setting up of charging stations for electric vehicles in the country;
- (c) if so, the funds allocated for this purpose and the expenditure incurred so far;
- (d) whether electric charging stations are being set up in cities in Maharashtra and other States; and
- (e) if so, the details thereof?

ANSWER
THE MINISTER OF HEAVY INDUSTRIES & PUBLIC ENTERPRISES
(SHRI PRAKASH JAVADEKAR)

(a) to (e): A statement is laid on the Table of the House.

STATEMENT

Statement referred to in reply to parts (a) to (e) of Lok-Sabha Starred Question No. 333 for 17.03.2020 asked by Shri Girish Bhalchandra Bapat and Adv. Adoor Prakash regarding “Charging Stations for EVs”

(a) to (e): Yes, Sir. The FAME-India Scheme Phase-II envisages support for setting up of adequate public charging infrastructure to instill confidence among EV users, through active participation and involvement of various stakeholders including Government agencies, industries and Public Sector Enterprises (PSEs). A budget provision of Rs. 1000 Crore for a period of 3 years [2019-20 to 2021-22] has been earmarked for establishment of charging infrastructure under this Phase of FAME Scheme. Department of Heavy Industry had invited the Expression of Interest (EoI) from million-plus cities, smart cities, State/UT capitals and cities from special category states for submission of proposal for availing incentives under FAME India Scheme Phase II for deployment of EV charging infrastructure within Cities. In response to the proposals received under this EoI, Department of Heavy Industry has sanctioned 2,636 Electric Vehicles (EVs) Charging Stations amounting to Rs 500 Crore (Approx.) in 62 cities across 24 States/UTs including Maharashtra under FAME India (Faster Adoption and Manufacturing of Hybrid & Electric Vehicles in India) scheme phase II as per details annexed at ANNEXURE-I.

Annexure-I

List of cities and numbers of Electric Vehicle Charging Stations considered for Sanction
