

F. No. 7(06)/2019-NAB-II (Auto)(20307)
Government of India
Ministry of Heavy Industries

Dated the 30th September 2022

Implementation of API based on-line data transfer for FAME-II-reg.

- The Stakeholder Consultation meetings were conducted on 22.09.2022 and 23.09.2022 with all the Original Equipment Manufacturers (OEMs) of e-2W wherein the Draft Application Programming Interface (API) based on-line Data Transfer System was demonstrated for capturing Domestic Value Addition (DVA) and Phase Manufacturing Programme (PMP) compliance.
- Further, the Ministry of Heavy Industries has decided to implement this API based on-line Data Transfer System for FAME-II scheme for e-2W OEMs w.e.f. 01st Oct, 2022.
- This online data transfer system will be applicable for those eligible e-2W OEMs having Enterprise Resource Planning (ERP) system.
- Those OEM's not having ERP systems at present will always have option available to migrate to this online Data Transfer System or they may continue with the existing system.
- This is in supersession of all previous correspondences/instructions on the above mentioned subject.
