LOK SABHA
UNSTARRED QUESTION NO. 2556
ANSWERED ON 05.08.2025

ELECTRONIC MOBILITY PROMOTION SCHEME 2024

2556. SHRI YADUVEER WADIYAR:

Will the Minister of HEAVY INDUSTRIES be pleased to state:

- (a) the objective of the Electronic Mobility Promotion Scheme (EMPS) 2024 in promoting e-2Ws and e-3Ws;
- (b) the manner in which EMPS 2024 aims to strengthen the electric vehicle manufacturing ecosystem in India, particularly regarding domestic production and supply chains; and
- (c) the measures taken to ensure that the implementation of EMPS 2024 creates significant employment opportunities within the EV sector?

ANSWER
THE MINISTER OF STATE FOR HEAVY INDUSTRIES
(SHRI BHUPATHIRAJU SRINIVASA VARMA)

(a): The Electric Mobility Promotion Scheme (EMPS) 2024 was implemented for a period of 6 months from 1st April, 2024 till 30th September, 2024 for faster adoption of e-2W and e-3W to provide further impetus to the green mobility and development of electric vehicle (EV) manufacturing eco-system in the country.

(b) & (c): The EMPS 2024 scheme provided incentive only for e-2W and e-3W which are domestically manufactured and sold. Further, EMPS also mandated compliance to Phased Manufacturing Programme (PMP), which requires indigenization of manufacturing of EV components, thus strengthening the electric vehicle manufacturing ecosystem in India, particularly regarding domestic production and supply chains. These measures would also create employment opportunities at the OEMs for e-2W and e-3W.
