

GOVERNMENT OF INDIA  
MINISTRY OF HEAVY INDUSTRIES  
RAJYA SABHA  
UNSTARRED QUESTION NO. 891  
ANSWERED ON 06.02.2026

**ACCELERATION IN ADOPTION OF ELECTRIC VEHICLE THROUGH PM E-DRIVE SCHEME**

**891. SMT. RAMILABEN BECHARBHAI BARA:  
SMT. SEEMA DWIVEDI:  
SHRI BABUBHAI JESANGBHAI DESAI:  
SHRI BRIJ LAL:  
SHRI MAYANKKUMAR NAYAK:  
SHRI ADITYA PRASAD:  
SMT. DARSHANA SINGH:**

Will the Minister of **Heavy Industries** be pleased to state:

- (a) the manner in which the adoption of electric vehicles (EVs) has been accelerated across the country through the PM E-Drive Scheme;
- (b) whether any efforts have been made under the scheme to promote electric vehicle charging infrastructure, if so, the details thereof; and
- (c) the quantum of amount disbursed under the scheme till December 2025?

**ANSWER  
THE MINISTER OF STATE FOR HEAVY INDUSTRIES  
(SHRI BHUPATHIRAJU SRINIVASA VARMA)**

**(a) & (b):** The PM Electric Drive Revolution in Innovative Vehicle Enhancement (PM E-DRIVE) Scheme has accelerated the adoption of Electric Vehicles (EVs) across the country by providing targeted demand incentives for multiple EV segments, including e-two wheelers (e-2Ws), e-three wheelers (e-rickshaws, e-carts and L5 category), e-ambulances and e-trucks, thereby reducing the upfront cost of electric mobility. Under the Scheme, upfront incentives are provided to consumers (buyers/end users) to reduce the purchase price of electric vehicles, which are reimbursed to Original Equipment Manufacturers (OEMs) by the Government of India.

The Scheme supports more than 28 lakh EVs. Further, the scheme also includes grant for 14,028 e-buses of STUs.

The Scheme also supports deployment of EV charging infrastructure and upgradation of testing facilities. An allocation of Rs.2,000 crore has been made under the scheme for deployment of EV Public Charging Stations (EVPCS) on a pan-India basis.

These measures have strengthened the EV ecosystem, enhanced consumer confidence, and facilitated large-scale adoption of clean and sustainable mobility solutions.

(c) As on 31<sup>st</sup> December, 2025 a total of Rs.1,703 crore have been reimbursed to Original Equipment Manufacturers (OEMs) of e-2Ws and e-3Ws, as reimbursement of demand incentive provided to buyers of e-2Ws and e-3Ws, under the PM E-DRIVE Scheme.
